FOREWORD BY KIMEP PRESIDENT

It is my great pleasure to present the fifth edition of the KIMEP Fact Book.

KIMEP is a non-profit institution of higher education. Its mission is to develop well-educated citizens and to improve the quality of life in Kazakhstan and Central Asia through education, scholarship, and community service. KIMEP offers graduate and undergraduate degree programs in business, law, economics, finance, accounting, public administration, political science, international relations, journalism and mass communication. All classes are taught in English, and all curricula match the highest international standards.

Our student body comes from all social and economic backgrounds, and includes international students from more than 20 different countries. At KIMEP, they participate in an array of extra-curricular, community service, and student government activities. When they graduate from KIMEP, they have acquired the knowledge, critical thinking ability, and professional development necessary to become leaders of their society.

KIMEP's world-class faculty has the largest concentration of Western-trained PhDs in the CIS. Currently, it has 72 PhDs educated at internationally ranked universities such as Stanford, MIT and Columbia University in the USA, the University of Edinburgh and Manchester Business School in the UK, and Waterloo University in Canada. Our multicultural faculty plays a fundamental role in preparing our students as global citizens.

KIMEP's world-class facilities have benefited from over USD 15 million of investment in the past five years. Our library is the largest and most modern in all of Central Asia, including approximately 57,000 books and publications in English, along with extensive virtual holdings. A brand-new sports complex, 22 study rooms, and renovations to our dormitory are among the many improvements to life at KIMEP that will be completed in the coming year.

Other developments at KIMEP include several new research centers focusing on commodities management, tax policy, economic development and other key issues for the future growth of Kazakhstan. Our graduate program in law is already training world-class Kazakhstani lawyers, while progress continues on the creation of an undergraduate law degree, to begin enrolling students in the program next year. KIMEP is also planning an undergraduate program in English and an interdisciplinary Ph.D. program in the Social Sciences.

Our international profile has continued to grow over the last year. KIMEP now has partnerships with 75 international universities, 30 of which are ranked in the Top 200 by the *Times*, and we are developing dual degree programs with several universities in the United States and Europe.

KIMEP bases all its activities on its core values. These include integrity, freedom of academic thought, transparency and meticulous caring for the well-being of students, faculty and staff. The KIMEP Fact Book serves a key role in maintaining our total transparency to the public, giving all interested individuals the opportunity to have a complete picture of our operations.

I hope you enjoy learning more about KIMEP. I'm sure you will find it a phenomenal Institute, one worthy of serving the Republic of Kazakhstan for many generations to come.

*Dr. Chan Young Bang,
President of KIMEP*

KIMEP STUDENT ASSOCIATION (KSA)

The KSA represents the interests of students in the KIMEP administration. Since its creation, the KSA has contributed greatly as an advocate of the issues and concerns of students to the administration. Each year a new KSA Cabinet is elected.

The current KSA cabinet members were elected on September, 2010 by KIMEP students. Votes were cast by a total of 1442 students (37.6% of the student population). The voting was conducted on the basis of a new KSA Constitution approved by a resounding majority of ballots (>90%) in student referendum on September 23.

Success Stories

of KIMEP 2008 Alumni

NAILYA UALIBEKOVA, EMBA, 2008

CHIEF-ACCOUNTANT
ACCOUNTING DEPARTMENT
KASPI BANK

In the course of my work I often meet colleagues that graduated from KIMEP, they are true professionals. That is why I am convinced that today KIMEP is the best higher education institution in the Republic, and I am proud to be among its Alumni.

KIMEP allowed me to deepen my knowledge and broaden my professional horizons.

ASLAN MOLDANYAZOV, BSc, 2008

NATIONAL ACCOUNT MANAGER
CUSTOMER BUSINESS DEVELOPMENT DEPT.
PROCTER&GAMBLE

KIMEP made a huge impact on my career. Employer deals with you as with a highly qualified manager when there is a word 'KIMEP' in CV. My major in marketing gave me much more knowledge and practice than my first position as assistant of an insurance company marketing director. KIMEP made me a strong leader, real team member, proactive, social and easy going person.

But the most important factor that had a huge impact on me was the people. Our students, teachers and staff – KIMEP is a fabric of stars, where brilliant people work and learn. I tried to get the best from every one of them. My formula of success is very simple – 'Always try to get the best from any simple thing, think out of the box, never look back, the more barriers you face, the more valuable goals you reach...'

ZEMFIRA SHAMILEVA, BSc, 2008

SENIOR FINANCIAL ANALYST
FINANCE DEPARTMENT
TENGIZCHEVROIL LLP

Every time when I deal with a complicated task or project, I thank KIMEP for everything it taught me. KIMEP is actually much more than an institute providing high quality education: it is a life school, giving lessons how to overcome various challenges and get a desirable result, and it is a society where you meet and build relationships with many interesting and very different people.

KIMEP gives truly great opportunities that should help you to build a successful career, make a positive impact to our culture and the company you will be working for, and, thus, change society as a whole. So, KIMEP does its job perfectly, now it's your turn – take everything it gives you! Good Luck!

Success Stories

of KIMEP 2005-2007 Alumni

GULMARA RYSBEKOVA, BSc, 2006 and MBA, 2007

HEAD OF HOMEBANK.KZ SERVICES PROGRESSION MANAGEMENT
KAZKOMMERTSBANK

I'd like to express my gratitude to my Alma Mater for the world-class education. It is the best Institute in Kazakhstan in terms of high quality of education, auspicious conditions and excellent career prospects. I can see it not only as former student and instructor, but also as employer. KIMEP educates the leaders who change the society.

My advice to KIMEP students: You should be initiative, proactive and persistent in order to succeed. Try to get more valuable experience by applying the theoretical knowledge in internship throughout the years of study. It will help you to be more competitive after graduation.

ROZA ALLOYAROVA, BSc, 2006

HEAD OF TREASURY SALES DESK
HALYK BANK KAZAKHSTAN

I think that knowledge I got at KIMEP had a great impact on my overall career. KIMEP gave me very strong and deep knowledge of different financial instruments, understanding of how they are priced and used, general understanding of economic processes and trends. This is exactly what is needed in my job. We consult our clients on cash and risk management issues, Kazakh banking sector developments or general Kazakh economy trends.

I think that the key to success is to find a field that is of most interest to you and strive for excellence in this field. You need to have deep theoretical knowledge; you need to be able to use this theoretical knowledge in practice and one of the most important things is ability to communicate things that you know to the management of your company, to your colleagues, to your clients.

ASLAN KALIGAZIN, MPA, 2005

ACTING DIRECTOR, DEPARTMENT OF DEVELOPMENT
**AGENCY OF THE REPUBLIC OF KAZAKHSTAN ON
REGULATION OF ACTIVITIES OF THE
REGIONAL FINANCIAL CENTRE OF ALMATY CITY (RFCA)**

One of components of KIMEP educational strategy is constant development of collaborative ties with the business community, establishment of long-terms partnerships between education and practitioners. KIMEP programs strive to meet requirements put forward by chief officers of leading local companies in order to assure successful employment upon graduation. Paraphrasing the popular maxim, I would say that "In KIMEP, theory is deeper and practice is broader!"

For over 15 years KIMEP has been preparing specialists of high international level for the benefit of Kazakhstani economy. Many top managers of "FoodMaster" Company worked and studied at the same time. It was not easy - instructors did not indulge us, we had to put all our physical and mental efforts to study, but the result exceeded all expectations.

Today I am confident that knowledge obtained at KIMEP is in demand and helps me in my work.

RINAD TEMIRBEKOV, MBA, 1999

EXECUTIVE DIRECTOR
EURASIA FOUNDATION OF CENTRAL ASIA

For more than 10 years I every day feel myself ascertained that receiving an education at KIMEP was one of the most valuable investments in my personal development. MBA program helped me forming a complex vision of all aspects of management and obtaining a deep systematic knowledge which is effectively used in practice.

KIMEP has provided me with the following advantages: team building skills, as a comprehension of mutual responsibility in front of other team members; understanding that management is an art of compromises and balance of resources and interests, where there is no the only unique and right decision; and acquaintance with the international standards of education and communication when the freedom of thinking, communications culture, and efficiency of decision-making process are highly appreciated.

RAUSHAN RAISKHANOVA, MBA, 1999

EXECUTIVE DIRECTOR
KAZAKHSTAN ASSOCIATION OF INDEPENDENT DIRECTORS
PROFESSIONAL HR ASSOCIATION OF RK

Saying that KIMEP gave me a lot is saying nothing at all – all that was obtained from KIMEP remains topical as of today, and is just polished over years. For myself personally I would define studying at KIMEP as a school of forming and of teamwork. And when each of you finds his or her place at a large and various labor market, I would like you to always remember the best cases of your team work in KIMEP. The composition of your surrounding will always change, but the main principles of communication and of mutual support will remain the same as what you've been taught at KIMEP. There is no big difference between doing your small homework assignment and realization of a grand project at work. The rules of the game are just the same.
