FOREWORD BY KIMEP UNIVERSITY PRESIDENT

It is my pleasure to present the seventh edition of the KIMEP University Fact Book.

KIMEP University is a non-profit institution of higher education, in which all proceeds are reinvested into the academic mission. Its aim is to develop well-educated citizens and to improve the quality of life in Kazakhstan and Central Asia through teaching, scholarship, and community service. KIMEP University offers graduate and undergraduate degree programs in business, law, economics, finance, accounting, public administration, international relations and regional studies, media management, and public relations. All programs are taught in English, and all curricula match the highest international standards.

In January 2012, the Kazakhstan Institute of Management, Economics and Strategic Research (KIMEP) attained university status and became KIMEP University. This now allows for a broader range of programs, particularly at the graduate level.

KIMEP University bases all of its activities on its core values. These include integrity, freedom of academic thought, transparency and meticulous care for the well-being of students, faculty, and staff. KIMEP University is also proud of the active role that students play in the decision-making process. Students have representation on all key committees, and the university's administration regularly consults with the KIMEP Student Association, which serves as the elected student government.

KIMEP University's world-class faculty has the largest concentration of Western-trained PhDs in the CIS. Currently, it has 88 PhDs educated at internationally-ranked universities such as Stanford, MIT, and Columbia in the United States of America, the University of Edinburgh and Manchester Business School in the United Kingdom, and Waterloo University in Canada. Our multicultural faculty plays a fundamental role not only in educating our students in their academic disciplines, from in preparing them for their role as global citizens.

The year 2012 saw two of the departments of KIMEP University's College of Social Sciences receive international accreditation. KIMEP University's two programs in Public Administration, the Bachelor of Social Sciences in Public Administration and the Master of Public Administration, were given unconditional, seven-year accreditation by the European Association for Public Administration Accreditation. The two programs in the Department of Journalism and Mass Communications, the Bachelor of Arts in International Journalism and the Master of Arts in International Journalism, received conditional accreditation from the American Communications Association, with the strong possibility of receiving full accreditation after one year. Finally, KIMEP University's market-leading Executive MBA program, taught in the Executive Education Center, is in the process of receiving full accreditation from the Foundation for International Business Administration Accreditation. These successes come the year after KIMEP University's Bang College of Business received Level 2 accreditation for its Bachelor's of Science in Business Administration and the MBA from the Asian Forum on Business Education. KIMEP University plans to attain full international accreditation for all of its academic programs by 2016.

Our international profile has continued to grow over the last year. KIMEP University now has partnerships with 96 international universities, of which 30 are ranked in the Top 200 by the Times Higher Education Supplement. This includes eight dual degree Master's programs with institutions in Europe, North America and the Republic of Korea.

Our student body comes from all social and economic backgrounds, and includes international students from more than fifty countries. At KIMEP University, they participate in an array of extra-curricular, community service, and student government activities. When they graduate, they have acquired the knowledge, critical thinking ability, and professional development necessary to become leaders of their societies.

The KIMEP Fact Book serves a key role in maintaining our total transparency to the public, giving all interested individuals the opportunity to have a complete picture of our operations. I hope that you enjoy learning more about KIMEP University. I am sure that you will find it to be an inspiring university worthy of serving the Republic of Kazakhstan for many generations to come.

CELEBRATING 20 YEARS OF EXCELLENCE

KIMEP has made a remarkable contribution to the development of Kazakhstan in its twenty year history. KIMEP has produced 8000 graduates and trained tens of thousands of executives and professionals. It has changed the face of the republic, supporting the development of new sectors of the economy and the leadership position of Kazakhstan in Central Asia. Through its international links, KIMEP has played a lead role in introducing the world to Kazakhstan, and Kazakhstan to the world. KIMEP has played, and continues to play, a leading role in supporting the modernization of the higher education system.

March 30, 2012 – KIMEP University organized a photo exhibition dedicated to its 20th anniversary. The exhibition took place at the Central State Museum, and last till the 9th of April.

Photos presented in the exhibition depict different stages of KIMEP University's development. Visitors also have an opportunity to see the awards of different departments, student organizations and students themselves.

All the guests enjoyed live music performed by classical orchestra, nice buffet as well as a 7-level cake which was delivered by the end of the event.

**KIMEP UNIVERSITY OUTSTANDING ALUMNI STORIES OF SUCCESS:
“INSPIRING BY EXAMPLE” BOOKLET, Fall 2011**

On the eve of its 20th anniversary KIMEP has called upon its prominent graduates to narrate exciting stories of their success. “Inspiring by Example” booklet presents the compelling stories of professional achievements of 83 KIMEP University’s prominent alumni. The graduates reflect on KIMEP University’s contribution to their career accomplishments and personal growth. They also express encouragement and share advice with current KIMEP University students.

On KIMEP education: One can ascend by a career ladder, while another can use an elevator. Certainly, after graduating from KIMEP the number of available career development opportunities increased. And the reason was not simply the degree, but the knowledge that was obtained at KIMEP: it was up-to-date and necessary in everyday work.

To current students: The full appreciation of the value of education received will come only after you leave the KIMEP campus. Enjoy every new day, do not be afraid to ask silly questions and express your opinion. Good luck!

On KIMEP education: KIMEP is a home for a whole generation of modern professionals in accounting, finance, investments and other business professions. For me my KIMEP education is a solid base on which I have built my career. Over time I realize more and more the benefits of the education and degree obtained at KIMEP.

To current students: Learn hard. The knowledge you get during your studies is vital for your career and will be needed throughout your lifetime. "The more you sweat in peace, the less you bleed in war."

On KIMEP education: The education you choose is often paramount to future success. In just two years at KIMEP, through your textbooks, research, and assignments, it gives you a consolidated overview of economic theories, formulas, and experiments conducted by generations of scientists, economists, mathematicians, and other experts. Now you can apply the knowledge you got, interact with other people, manage projects, and complete assignments efficiently and effectively.

To current students: I want the KIMEP of tomorrow to be better than the KIMEP of yesterday, and even the KIMEP of today. Your talents, combined with a genuine respect for yourself and others, are a powerful resource for making a great contribution to your future success

On KIMEP education: For more than 10 years every day I feel myself certain that receiving an education at KIMEP was one of the most valuable investments in my personal development. The MBA program helped me form a complex vision of all aspects of management and obtain a deep systematic knowledge which is effectively used in practice.

KIMEP provided me with the following advantages: team building skills, with a comprehension of mutual responsibility in front of other team members; understanding that management is an art of compromises and a balance of resources and interests, where there is not only one right decision; and acquaintance with international standards of education and communication where freedom of thinking, communications culture, and efficiency of the decision-making process are highly appreciated.

On KIMEP education: The education I received at KIMEP certainly became the starting point for my further career and professional growth. It gave me theoretical knowledge in economics, finance, management, as well as practical skills and English language proficiency, public speaking and literature review skills, etc. These studies have also substantially broadened my mind.

To current students: Make the most of each day and hour of your study time at KIMEP, as this investment in your own education will form the basis of future success and prosperity. The results will benefit both the student and the professional sphere, in which he or she will choose to contribute to the development of our country.

On KIMEP education: KIMEP has broadened my horizons, changing views and ideas regarding my future career. I had an opportunity to gain understanding of business aspects prior to real-life involvement.

To current students: Wishing you all the best in successful realization of your plans and projects!

On KIMEP education: In my opinion KIMEP is the number one education and research institution of Kazakhstan, and one of the best in the region. KIMEP gave me the golden ticket at the start of my career as I grasped the ideas of independence, teamwork and continuous self-development on the way to success. All subjects that I have learned during my university years proved to be useful in my professional life and I still find them helpful in my work.

To current students: It is now the best time in your life and you are the future professionals of our independent country, that's why you should not spend your precious time for unnecessary things, spend it with your friends or upgrade your knowledge, and take care of your health. Dear friends, I wish you good health, friends and strong knowledge. You are the future of Kazakhstan.

Memorable moments of 2011-2012 AY

At KIMEP on May 26, 2012 took place graduation ceremony of delivery of awaited diplomas. More than 600 KIMEP undergraduate, graduate and doctoral students joined the ranks of skilled workers. By tradition, a celebration began with a festive procession. Alumni and faculty members, dressed in gowns, walked away from KIMEP campus to the Palace of the Republic.

The memory of the Great Patriotic War is close to the hearts of every citizen whose ancestors fought against fascism. A commemoration of Victory Day could not have been overlooked by the KIMEP University Community.

The KIMEP University community respects and values the victory brought by our heroes, and will continue to treat it as a source of great national pride, May 2012.

Hundreds of KIMEP University students and staff participated in the annual Sports Day activities on a bright and sunny day. This day is marked at the KIMEP University every spring to raise awareness about increasing air pollution in Almaty, April 19, 2012.

Naurz, the Persian New Year, is celebrated throughout Central Asia in spring. It has become the biggest festive season in Kazakhstan. KIMEP also celebrates Naurz every year. This year's Naurz celebration at KIMEP was a huge success as hundreds of students, staff and guests including diplomats, local officials and business representatives attended the grand event, March 2012.

This year the International Women’s Day coincided with KIMEP’s 20th Anniversary celebrations. The Office of Student Affairs organized a grand event to mark International Women’s Day that was dedicated to the contributions of female members of the KIMEP community, March 2012.

“The Bologna Process: A Vehicle for the Modernization of Higher Education” took place in Almaty on March 2-3, 2012. This flagship event brought together representatives of leading higher education institutes throughout Central Asia and local and international education experts, as well as representatives of the Ministries of Education of Kazakhstan and Central Asian countries.

On 22 December, 2011 KIMEP organized New Year Party for Staff children. The program consisted of the animators’ performance, Christmas tree, NEW YEAR gifts and treats. Not only children, but their parents too had many positive emotions and lots of fun!

KIMEP’s annual alumni reunion was held on the evening of Friday, November 25 in the Sports Center. Alumni came to the university to catch up with old friends and professors, and to see how their alma mater has changed since their time as students. The event has become one of KIMEP’s favorite traditions. This year, along with the alumni, the guests included faculty, deans, members of the administration and Dr. Bang himself.

KIMEP STUDENT ASSOCIATION (KSA)

The KSA represents the interests of students in the KIMEP administration. Since its creation, the KSA has contributed greatly as an advocate of the issues and concerns of students to the administration. Each year a new KSA Cabinet is elected.

The current KSA cabinet members were elected on October 18, 2012 by KIMEP students. Votes were cast by a total of 951 students (38.7% of the student population). The voting was conducted on the basis of a new KSA Constitution approved by a resounding majority of ballots (>90%) in student referendum on September 23, 2010.
